"I definitely feel more empowered to share my story. The knowledge I’ve gained has challenged me in my own personal development."

MARY BEAUCAGE
Co-Chair, Patient Council
Member, Indigenous Peoples’ Engagement and Research Council

"I feel enlightened and inspired with a new road to walk on. Being involved with Can-SOLVE CKD is an opportunity to bring awareness and a message to all who are dealing with CKD, especially the marginalized of our society."

HOWARD VINCENT
Member, Patient Council
Member, Indigenous Peoples’ Engagement and Research Council

"This project has the potential to fundamentally change health care delivery for Indigenous Canadians living in rural and remote communities."

DR. PAUL KOMENDA
Associate Professor, University of Manitoba: Research Director, Seven Oaks Hospital Chronic Disease Innovation Centre

Better kidney health through patient-oriented research
One vision

"By 2020, every Canadian with or at high risk for chronic kidney disease will receive the best recommended care, experience optimal outcomes, and have the opportunity to participate in studies with innovative treatments, regardless of age, sex, gender, location, or ethnicity."
