Accomplishments (April 2019 - Dec 2019)

• Two manuscripts have been accepted for publication:
  ◦ “Content and quality of websites for patients with chronic kidney disease: An environmental scan” in the Canadian Journal of Kidney Health and Disease (CJKHD)
  ◦ “Preferences for a self-management e-health tool for patients with chronic kidney disease: Results of a patient-oriented consensus workshop” in the Canadian Medical Association Journal Open (CMAJ Open)

• Informing and engaging stakeholders through the following events:
  ◦ Canadian Association of Nephrology Administrators (CANA) Summit (Montreal); Canadian Society of Nephrology (CSN) Annual Meeting (Montreal); KT Canada Summer Institute (Toronto); Canadian Association of Nephrology Nurses and Technologists (CANNNT) Annual Meeting; and KFOC Webinar Series (November 19, 2019). A thank you to Dwight Sparkes for co-presenting at some of these events.

• Held a competition to name the CKD Self-management website, winning name My Kidneys My Health.

• A CKD self-management research team meeting was held on August 6th where team members got to view initial webpage mock ups of My Kidneys My Health website.

• Usability testing of My Kidneys My Health website prototype was completed in October.

Addition to our “family”

Congratulations to Chantel and her partner on welcoming Ronan Frank Abraham. Born June 22, 2019 weighing 7 pounds 11 ounces

Next Steps:

• Complete co-design of My Kidneys My Health prototype. (Dec. 2019)

• Manuscript prep and submission for the co-design process and usability testing for My Kidneys My Health prototype. (March 2020)

• Develop and submit protocol for preliminary testing of My Kidneys My Health website to inform dissemination, implementation, and evaluation plans. (April 2020).

• Stay tuned for our next team meeting date in early 2020 to discuss plans for preliminary testing of the website.
